2.) The main points for consideration are:-

(1) Whether it is the function of the Cinema Boards to educate the public in respect of Medical Health, Sanitation etc.

(2) Even if any expenditure on the above account is necessarily to be incurred by the Board, whether i is necessary to form a fund for the purpose.

3.) As already stated in my note, the Cinema Board appears to have been formed for the purpose of examir and certifying films as suitable for public exhibitic and educating the public does not appear to be their function, and there are other agencies for it. Ever if this is entrusted to the Board, the expenditure req therefor may be placed at their disposal by making due provision therefor in the Budget, and the formation o a fund therefor is neither necessary nor financially correct. There is no such fund in Madras also.

SIR,

Subject:- Formation of separate Cinema Fund.

...

With reference to your letter No.P.731 Legis.5-36-2 dated 24/25th July 1936 on the above subject, I have the honour to state that it is ascertained from the Commissioner of Police, Madras that the revenues realised on account of the working of the Cinematograph Act are not formed into a separate fund and administered separately but are merged in the General Revenues of the Presidency under the head XIX b Police etc.

For purposes of lead, Madras does not present a good example. Most of the films in India are being censored either by the Bombay & Calcutta Boards. The total number of films certified by the Madras Board during 1934-35 is 43 as against 859 certified by the Mysore - Boards in the same year. It is therefore obvious that the income on this account in Madras is not so great as to necessitate its separate administration.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General of Police.
